

Air Disinfection & Humidification Solutions

For safer homes, offices, farms,
food production facilities,
hospitals and clinics.

Agritek delivers advanced, customized, chemical-free air disinfection and humidification systems designed for homes, workplaces, farms, and industries. Our solutions create a safer, healthier environment by maintaining optimal humidity levels, reducing airborne infections, and protecting humans, animals, and plants.

Features

- ✓ **Customizable & Ultrasonic**
- ✓ **High Disinfection Efficiency**
- ✓ **Portable or fixed options**
- ✓ **Energy-Efficient & Quiet**
- ✓ **Chemical-Free & Safe**

Areas of Application

Livestock Farms: Reduces ammonia and airborne diseases in poultry, cattle, sheep, and goat farms.

Food Processing Facilities: Maintains hygiene standards, product freshness and eliminates a wide range of bacteria, fungi and viruses.

Cold Storage & Warehouses: Prevents spoilage of goods, especially fresh foods.

Homes, Apartments, Offices and Shared Spaces

Hospitals, Clinics, Dental Clinics, Laboratories and Pharmacies: Supports infection control protocols, eliminates airborne pathogens and prevents the spread of pathogens.

Schools & Universities: Safe air for classrooms, cafeterias, and hallways.

Gyms & Wellness Centers: Clean air in locker rooms and workout areas.

Product Range

1. Tabletop Humidifier

- Ideal for bedrooms, offices, and small spaces
- Type: Ultrasonic, portable, tabletop
- Capacity: 3L
- Coverage: Up to 30 sqm

Features:

- Quiet operation with adjustable mist settings
- 360° rotatable nozzle for precise mist direction
- Easy top-fill design for quick refilling and cleaning

2. Floor-Standing Humidifier

- Ideal for hotels, hospital rooms, storage areas, classrooms and farms
- Type: Ultrasonic, portable
- Capacity: 13.5L
- Coverage: Up to 100 sqm

Features:

- Multiple spray methods (4-way nozzle, 45° elbow nozzle, cylindrical nozzle)
- Adjustable mist settings with simple knob control
- Energy-efficient and easy to maintain
- Quiet and continuous

4-way nozzle

cylindrical nozzle

45° elbow nozzle

3. Industrial Humidifier

- Designed for industrial and agricultural applications
- Ideal for farmhouses, storage facilities, factories
- Type: Ultrasonic, cool-air
- Coverage: Up to 1000 sqm

Features:

- Industrial-grade system with customizable piping
- Installed and configured to meet your specific needs
- Economic consumption of solution
- Quiet and continuous operation
